KNOX RESOLUTION UP MONDAY

WASHINGTON, March 20—The Treaty of Versailles came back to the White House today. Wrapped in paper the huge document brot by President Wilson from Paris and taken by him to the capital last July and kept in the safe during the treaty debate was delivered by George Sanders clerk of the senate. Two body guards accompanied him. They took it to the office of Secretary Tumulty and left it there.

WASHINGTON, March 20—The treaty is now up to President Wilson. The Senate washed its hands of the treaty when by a vote of 49 to 35 it refused to ratify it and then 47 to 37 voted to send it back to the President with word that it could not be ratified.

The question today was "what will the President do about it?" He can't send it back to the Senate. Senator Lodge, Republican leader, as well as many Democrats declare that no action can be taken until the issue of treaty or no treaty has been fought out in the campaign. The President can go to the American public with a "solemn referendum" as he said in his letter to the Jackson Day diners.

The question of ratification will be an issue in the national campaign of 1920.

WASHINGTON, March 19—The senate tonight rejected the treaty of peace with Germany and flung it back upon the White House with a resolution informing the President that the senate would not consent to its ratification.

For the second time since the treaty with the covenant of the League of Nations was brought back from Paris by President Wilson the senate refused to give it the approval that is necessary to bind the United States to the engagements which it sought to impose upon the nation.

Exactly four months ago to the day, the treaty was refused ratification by the vote of 51 to 41.

Today's vote was 49 to 35, the majority in favor of ratification being seven votes short of the two-thirds required by the constitution.

Immediately following the vote by which the treaty was rejected, the senate adopted a resolution by Senator Lodge directing the secretary to return the treaty to the President and notify him that ratification would not be accomplished. The vote on the adoption of this resolution was 47 to 37.

Before the senate convenes again next Monday a messenger from the office of the secretary of the senate will have deposited at the White House documents which have been the cause of the most bitter struggle in the history of the senate. Once in the hands of the President, the senate will have no authority to recall it and the President, is not likely to return it to the senate unless he can obtain reasonable assurances, that ratification can be had.

In view of the President's desire to take the treaty into the campaign it is not believed by any of his followers in the senate that he will for a moment consider sending the treaty back to the senate, at least until after the campaign is over. If he should fail in the campaign, it is possible the treaty will remain forever in the President's secret cabinet.

Next Monday the senate will immediately turn its attention to the proposition of declaring peace with Germany by a resolution which both houses will be asked to pass. Senator Knox began the discussion of his resolution on the subject shortly after the vote against the treaty had been recorded, but at the suggestion of Senator Lodge he consented to wait until Monday for formal action on it.

That such a resolution will pass is disputed by the ablest members of the senate in view of the second failure of the attempt to bring about peace by ratification of the treaty.

The death of the treaty was accomplished under dramatic circumstances at just about the hour when most people are sitting down to dinner. The calling of the roll was started at 6:10 after an all-day debate in which friends of the treaty pleaded with its foes to "loosen up" on the reservation and allow the treaty to be ratified.

Miss Francis Duke and Mrs. Nancy Wilson spent Thursday afternoon in Woodland with friends and relatives.

Near Million Fire Loss At DuBois

Department Stores, Bell Telephone Exchange And Several Other Buildings Burned To Ground

BELL COMPANY HEAVIEST LOSER

One million dollars fire loss is said to be the toll taken by a huge conflagration at DuBois early this morning when fire broke out in the rear of the Klewan Department store and rapidly spread to other business establishments. The fire broke out at one o'clock and was not brought under control until late this morning. The origin is unknown. It is one of the heaviest fire loss the city has sustained. The large stock of Klewan Store, the Knarr and Zilloux Shoe store the Hunter and Daugherty Shoe store and the entire mechanical and electrical equipment of the Bell Telephone company are a total loss while the Broadbent-Martin Company and other smaller business firms and individuals are heavy losers.

The property loss according to the estimates furnished City Editor Gilung of the DuBois Express by the property owners at noon today, will amount to almost one million of dollars.

The Bell Telephone Company which occupied an entire floor of the Wingert building, places its loss at \$500,000.

Broadbent & Martin, Department store 135,000

Henry Klewans, department store 105,000

Hunter & Daugherty, shoes 25,000

Knarr & Zilloux, shoes 25,000

Dr. Clifford, office 5,500

Dr. L. E. Hauck, office 4,000

W. R. Ford, office 750

Adam Shock Building 55,000

D. L. Corbett Building 45,000

Ellis Wingert Building 30,000

The Klewans store was located in the Corbett building, while the Wingert Building was occupied by the two shoe stores, telephone exchange and flats. The offices of Drs. Clifford and Hauck and Ford's insurance office were also on the upper floors of the burned buildings.

The family of Mr. and Mrs. Clark

Shupley, formerly Clearfield people, occupied one of the destroyed flats and lost \$1000 worth of household goods. The Maloney, Shortman and Milks families in the adjoining flats each place their losses at \$1,000.

A brick block on Scribner avenue in the rear of the burned block was also considerably damaged. It was occupied by a Chinese laundry, J. B. Fleck's millinery and Mrs. Adams, dressmaker. Their losses were estimated at about \$750 each.

The J. P. Levison store sustained a loss of stock of \$4,000 from the flooding of the cellar of their store adjoining the burned building.

The Weisgarber building occupied by the DuBois Express on the opposite side of Brady street, was damaged to the extent of \$600 while L. E. Weber, whose clothing store adjoins the DuBois Express office, had several plate glass show windows broken by the heat entailing a loss of several hundred dollars.

Four firemen were injured during the fire, the bore seriously hurt being Pat Matthews, who suffered a lacerated hand, and Joe Bolavick, who was struck over the kidneys by a falling brick.

VIOLENT DISORDERS REPORTED FROM EVERY SECTION OF GERMAN EMPIRE

BERLIN, March 19—Night—Violent disorders throughout the night among radicals and Independent Socialists are being reported from all parts of Germany today. Armed workmen are reported to have captured Essen in two days of hard fighting. More than 300 were reported killed and many others wounded. Socialist Democrats' artillery was reported moving toward Suhl. Troops armed with machine guns and flame throwers were on their way from Unterchen in Stuttgart for the distressed area in Westphalia. Armed workmen are said to have occupied the greater part of Westphalia including the Rühr industrial district.

Many persons were killed and wounded in Berlin in fighting yesterday. The hardest fighting occurred near the Brandenburg building and the Hotel Adlon. Additional fighting took place at 11 a. m. today. One apparently reliable report said that President Ebert had arrived secretly in the capital last night accompanied by Philip Schiedemann, the majority Socialist leader. Schiedemann, it was said, will be entrusted with reorganization of the cabinet. The hotel Adlon, the headquarters of the various foreign missions and for American residents, are covered with blood from wounded who were brought into the hotel last night during the fighting.

Michigan Senator And Sixteen Co-Defendants Are Convicted

Face Heavy Fines And Prison Terms
For Violation of Election Laws By
Illegal Use of Money

SENATOR WILL NOT RESIGN

GRAND RAPIDS, Mich., March 20—United States Senator Truman H. Newberry today was sentenced to serve two years in federal prison and was fined \$10,000 following his conviction of election fraud charges. Sentence was passed by Judge Clarence Sessions, of the United States District court. Just before Judge Sessions pronounced sentence attorneys for the defense moved for a stay of judgment and asked for a new trial. The motion was denied. A stay of execution of 90 days was granted by the court in which to perfect an appeal.

GRAND RAPIDS, Mich., March 20—Truman H. Newberry, United States Senator from Michigan charged with participation in election frauds was found guilty today. The sentence will be passed on the men convicted sometime today. The jury returned at 11:20 after being out since 5 p. m. Thursday. The jury found that Newberry conspired with his associates during his campaign and used money in excess of that allowed under the Corrupt Practices Act. The maximum penalty for such a crime is two years imprisonment and a fine of \$10,000. Sixteen others were found guilty with Senator Newberry. The remainder of the 85 were acquitted of the charge of conspiracy. They were found not guilty on the sixth count charging conspiracy to use the mails to defraud.

GRAND RAPIDS, Mich., March 20—"Father will not resign from the United States Senate", Phelps Newberry son of Senator Newberry said today. The Senator said he will make a statement later in the day.

By J. L. O'SULLIVAN
(United Press Staff Correspondent)

GRAND RAPIDS, Mich., March 20—The "Newberry case" grew out of one of the bitterest campaigns ever waged for a seat in the United States senate.

Truman H. Newberry and Henry Ford were the leading contestants.

Newberry, a member of one of Michigan's oldest, and before the automobile industry hit Detroit, wealthy families; a member of the navy during the Spanish-American war, assistant secretary of the navy in Roosevelt's cabinet, and an aide to the commander of the port of New York during the world war, based his appeal for election on a war platform.

Ford, head of the Ford Automobile Company, head of the Ford peace ship, and before the United States entered the war leading pacifist, built his platform on support of President Wilson's policies.

The Newberry supporters built up a huge organization entering into every county, city and village in the state. By their own admissions \$178,000 was spent. The government attorneys contended that they had showed \$225,000 was paid out to "purchase a seat in the senate" for Commander Newberry. Testimony given at the trial stated one defendant in a conversation said \$800,000 was spent.

Paul H. King headed the Newberry campaign committee in Michigan. The government claimed that Senator Newberry and Frederick Cody hatched the alleged plot to corrupt the 1918 elections in Michigan while they resided in New York.

Newberry worked direct through King, in carrying out the details of the campaign, the government contended. The case hinged on whether or not Senator Newberry "caused to be expended" an amount in excess of the sum allowed by the Michigan statutes in procuring his election. This amount is \$3,750.

The defense contended that Newberry had nothing to do with the

spending of the large sum of money; declared that he did not contribute one cent to the campaign fund and was not informed of the huge amounts spent in his behalf during the campaign.

A grand jury summoned in the autumn of 1919 returned indictments accusing 135 men of conspiracy to violate the federal status by spending an excessive amount of money in the campaign. A conspiracy to defraud the whole state of Michigan by using the mails in the alleged fraudulent election scheme was also charged.

These were the two main accusations which went before the jury. Four other indictments were either quashed or combined with these two principal charges.

The trial covered a period of eight weeks. More than 400 witnesses testified for the government and approximately 250 for the defense.

When the case finally reached the

The committee went out actively favoring a home for all veterans and will use the influence of the Legions to help the cause.

A FARMER SPEAKS

If town folk really want to save daylight, they can do so without changing the clock or upsetting anything. Simply start work and quit work an hour earlier. That's what Swift and other industries already plan to do. Farmers always start summer's work as early as possible but quit an hour later rather than an hour earlier!

Heed this grave word, this solemn warning, you city people, you workers in other industry: Your pay, your hours of work, your mode of life are such that for years towns have grown at expense of country. War stimulated this, until today farms are deserted of labor. One farmer puts it in a few words: "My hired man has quit to work in a shop eight hours for \$8 a day, plus 50 per cent. for overtime—more than myself and all my family together can ever earn, with no return upon the \$10,000 invested in my farm."

Now add to the farmer's costs by daylight saving more taxes, more officials, more waste in public and private, lessened production of goods by shorter hours at higher pay, thus increasing what farmers pay out while seeking to decrease what they take in, and the farmer is forced to restrict his crops to what he can do himself with machinery instead of hired help.

Reduced supply of food will be the inevitable result. Famine prices will prevail, if not famine itself. America's area now in winter wheat is nearly 25 per cent. less than last year. These conditions apply to farming throughout the land, not to the eastern states alone. World's supply of old grain will be exhausted in July.

Insurmountable forces compel farmers to curtail food production. We are helpless to withstand these forces. We would like to produce more, but working 12 to 14 hours daily with the aid of our women and children, we cannot make up for absence of other labor. Even if farmers did, you city folks won't pay us a price that will enable us to earn half your pay. Or you submit to distribution that takes the lion's share of what you do pay for food, so that the producer can't profit.

Menaced by starvation, you ignore it. You seek special privilege to add further to your ease but make us sweat for it. You want us to have the gall to ask us to vote for "labor," which now earns far more than farmers so that city may discriminate yet more against country.

This thing must stop. You must give farmers a square deal. If you don't, you won't get food. That's the naked truth. You are living in a fool's paradise. Wake up before it is too late. Don't foolishly cry out that farmers threaten strike. God knows they have fed you for years at such petty profit that your nifty blood has always been leached away to city. Even in your folly, the farmer will feed you so long as he can. But today he is up against conditions utterly beyond his control. He will do the best he can, but that isn't enough to insure you against starvation.

You add to your own peril by whatever you add to the farmer's burden. Worse yet is it for town life to be made still more expensive than country life. Help, not hinder agriculture. The least you can do is to let the clock alone. Go to work an hour earlier if you want more leisure before summer's sun-down. Can't you do this trifle, as some insurance against famine. Forewarned is forearmed.

With the Politicians

There is no use trying to minimize the strength of the sentiment in this county for General Wood. He is the only man, in addition to our governor, who would poll any votes if our president was nominated by popular vote.

Republicans in a number of districts are taking heart over the dissensions among the Democrats and are getting ready to go right after Congressional seats in districts which got away last time. The Republican leaders in the Lackawanna and Luzerne districts are pretty sure that unless something unforeseen pops up, they will be able to take those places from the Democratic column and the defeat of Congressman John V. Leshner in the Seventeenth district is looked for. It is possible that raids may be made upon Congressman Guy E. Campbell in Allegheny county and that the combination which put him across in former years will be otherwise occupied this year.

If the half of what men active in politics throughout the state are saying about the reaction in the Democratic party in Pennsylvania is true, the battle this year for control of the organization is going to make the campaign for party honors in 1914 and 1918 seem like side-shows. Even the big fight of 1912 will not be much more than a memory alongside of the contest that is being staged now.

Congressman Daniel A. Reed, of Dunkirk, N. Y., addressing a large assemblage of citizens in Bradford the other evening, paid a glowing tribute to our congressman, Evan J. Jones. He said, "In my opinion no first term congressman in years has made so favorable an impression as your representative, Mr. Jones. He has given more time to tireless service in the interest of ex-service men than any member of the house. I am not talking politics, but I will say that when a district has that type of representative, it will get real service by keeping him in office." The sentiments of Mr. Reed are reflected throughout the entire district.

Petitions for renomination of Senator Boies Penrose are being circulated throughout Central Pennsylvania counties in numbers and it is remarked by men in politics in the Susquehanna and Juniata Valley counties where there has been opposition to the Senator every now and then, that everyone seems to be for him.

Green W. Bell, of Bell's Landing, has announced himself as a candidate for the Legislature on the Democratic ticket and is the first of the "untariffed and unafraid" to get his nomination paper on file at Harrisburg.

Melville Gillett, of McKean county, who hopes to be one of the men who will help nominate the Republican nominee for president, is beginning to make a little more noise, but as yet has not declared any preference so far as we know. It is generally understood that Mr. Gillett is a Harding man, as he hails from the state of Ohio, and sons of Ohio are strong for favorite sons.

Col. Fred B. Kerr has stated that under no circumstances will he consider being a candidate for Congress on the Democratic ticket this fall.

It is said that Asher B. Johnson, of Bradford, is the choice of the "organization" for the Democratic Congressional nomination from the 21st district. He is a prominent business man and while the "Congressional bee" has been in his bonnet for some time, he is not especially desirous of crossing swords with his fellow-townsmen Congressman Evan J. Jones this year.

E. G. Boose, Esq., of DuBois, is said to be about to come out on a Sprout first, Wood second, platform. Mr. H. A. Rupp, a representative of General Wood headquarters from Pittsburgh, stopped in Clearfield yesterday awhile, sounding out our sentiment. He reported at this office that

he found the people of this district strong for both Wood and Sprout, naturally preferring Sprout, but stronger for Wood than any of the other aspirants. Mr. Rupp insisted that the Wood organization in Pennsylvania was for Sprout first and Wood second.

Organized labor is getting ready to take quite a hand in Pennsylvania politics this year, which fact "doesn't listen very good" to the friends of Attorney General Palmer, who broke the miner's strike with a Federal court injunction.

H. B. Scott, of Centre county, and A. H. Gaffney, of Kane, are both still in the race despite reports that Mr. Scott would withdraw to make a fight for the Assembly in Centre county. Mr. Scott and Mr. Gaffney desire to go to the convention unpledged to any candidate.

Samuel Gompers, president of the American Federation of Labor, gave a hint of the opposition the presidential boom of A. Mitchell Palmer may expect from labor ranks. In a speech at a mass meeting in Trenton, N. J., Sunday last, he singled the attorney general out as his particular target. The meeting was called to enable Mr. Gompers to arraign candidates for public office who are said to be hostile to labor.

Mr. Gompers inquired whether New Jersey was going to forget the injunction Mr. Palmer directed against the striking coal miners. He added that, as labor had contributed so materially to winning the war, it was not going to surrender to militarism or autocracy in the United States.

A new bombshell may land in political camps within a few days as a result of the activity of the Wood campaign managers. Efforts are being made to have E. G. Boose run as their candidate in this district and his running mate may be Major Boals of Centre county. Major Boals is well known in the district and will make the dust fly if he gets into the race.

Meat Injurious To The Kidneys

Take a tablespoonful of Salts if Back hurts or Bladder bothers —Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood if this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

LESSON FOR MARCH 21

JOHN'S PICTURE OF WORSHIP
IN HEAVEN.

LESSON TEXT—Rev. 7:9-17.
GOLDEN TEXT—Blessing, and glory, and wisdom, and thanksgiving, and honor, and power, and might be unto our God for ever and ever. Amen.—Rev. 7:12.

PRIMARY TOPIC—The Heavenly Home.
JUNIOR TOPIC—A Glimpse of Heaven.
INTERMEDIATE AND SENIOR TOPIC—A Vision of the Glorious Future.
YOUNG PEOPLE AND ADULT TOPIC—Permanent Message of the Book of Revelation.

1. The Worshipers (vv. 9-14).

1. Who they are (vv. 9, 11). (1) Redeemed men (v. 9). They are mainly Gentiles—"of all nations, and kindreds, and people, and tongues." They are those to whom the "gospel of the kingdom" has been preached by converted Israelites (Matt. 24:14). In the first part of chapter seven we saw God sealing his chosen ones from Israel. They were sealed with the seal of God in their foreheads, which doubtless means the supernatural endowment of the Holy Spirit in the last days (Joel 2:28-32). While this was partially fulfilled on the day of Pentecost, its larger realization is still future (Acts 2:15-21). This outpouring is for the equipment of the Jews for their divinely ordained mission, namely, to preach the gospel of the kingdom to the whole world. When God sends forth the 144,000 Jews with the unction of the Holy Spirit, the innumerable multitude from all nations will receive Christ, the slain Lamb, for their redemption.

(2) All the angels (v. 11). These angels endorse this ascription of praise offered by these redeemed men by saying "Amen."

2. Whence came these redeemed? (vv. 13, 14). They came out of the great tribulation (v. 14). After the rapture of the Church (1 Thess. 4:13-18), awful days of suffering and trial shall come upon the world (II Thess. 2:7, 8). It is the time of sorrow when the anti-Christ shall hold sway; such days as were not before nor shall be after, in which if not shortened no flesh could be saved (Matt. 24:16, 21, 22; cf. Dan. 7:8; 9:26, 27).

3. What they say (vv. 10, 12). (1) Salvation to our God and the Lamb (v. 10). They ascribe their salvation to God through the sacrifice of the Lamb, Jesus Christ. (2) "Blessing." They acknowledge that all blessings come from him. (3) "Glory." They acknowledge him as the glorious one and the one to whom all glory should be given. (4) "Wisdom." He is infinitely wise and all wisdom comes from him. (5) "Thanksgiving," because salvation was provided by him. (6) "Honor." Their hearts went out to him in high esteem. (7) "Power and might." They recognized that all power inhered in him.

11. The Blessedness of the Worshipers (vv. 13-17).

1. They are before God's throne (vv. 9, 15). They are in heaven and near the throne of God. Jesus Christ is now preparing mansions for those who shall go to heaven (John 14:1-3).

2. Clothed with white robes (vv. 9, 14). Their white robes suggest their character. They have been made such in the blood of the Lamb. The only way for a sinner to be made ready for heaven is through the blood of Christ.

3. They bear palm branches (v. 9). The significance of the palm is found in the use that the Jews made of it at the Feast of Tabernacles. It was a time of great joy, because it represented the gathered harvest. The bearers of the palm branches will experience the blessedness of not only being in heaven, but of enjoying rewards for their work on earth.

4. They serve God day and night (v. 15). Heaven is not a place of idleness, or altogether of singing God's praises, but a place where real, vital service is rendered to God; indeed, there are nobler fields of endeavor awaiting us beyond this life. This life is but a training school in which we are made ready for service in heaven.

5. God dwells among them (v. 15). To get to heaven at all would be truly blessed, but to be there and have God to dwell among us will be wonderful.

6. Hunger no more nor thirst (v. 16). Here life is one continuous round of hungering and thirsting. In heaven we shall neither hunger nor thirst, for Jesus Christ, the Lamb, shall feed us. The straits and necessities of life will then be over.

7. Neither shall the sunlight or heat come upon them (v. 17).

8. God shall wipe away all tears from their eyes (v. 17).

This Day Only.

Enjoy the blessings of the day if God sends them; and the evils bear patiently and sweetly; for this day only is ours; we are dead to yesterday, and not born to tomorrow.—Jeremy Taylor.

Greatest of All Cunning.

The greatest of all cunning is to seem blind to the snares which we know are laid for us; men are never so easily deceived as while they are endeavoring to deceive others.—Rochefoucauld.

L. W. Cunningham of Punxsutawney, is visiting his wife who is a surgical patient at the Clearfield hospital.

When Louisville first heard Of matches

In the early thirties of the nineteenth century, a lady of Louisville wrote to her cousin in New York:

"When I was in Richmond last winter I was told of a curious new device for making fire. It consisted of small splinters of wood with tips of some rough substance that burst into flame when rubbed on a rough surface. If you can procure some of them for me I shall be grateful"

It was many years after matches were generally made in Europe before they were seen throughout America. There was no means for spreading rapidly such wonderful news.

Today the new invention that contributes largely to comfort or convenience is quickly known in every section of the land. Advertisements bring the story. The farmer's wife of Idaho or Texas is quite as well posted as the city woman of the East.

Read the advertisements in your newspaper. They are the heralds of progress, the great newsreading force of modern industry. They contain real news for you. They save you time and lessen your work and enable you to obtain better value for the money you spend.

Time spent in reading advertisements is well spent.

SURPRISE PARTY

The members and friends of Allen A. M. E. church, decided to pull a surprise on their pastor, Rev. G. W. Dixon, and Wednesday evening last was the time set. So well was it carried out that even Deacon Williams would not tell. (Now don't tell us the Deacon can't keep a secret.)

We have had several surprises in our ministry, but for some reason or other, it always leaked out. It was too good to keep. But this was a complete and agreeable surprise.

Come again, friends. Following is the Committee that arranged and carried out the surprise: Sisters Lizzie Simpson, Carrie Humphrey, Ella Buchanan, Emma Smith, Synthia Freeman, Josephine Williams, Mrs. Henry Lynch, Mr. G. W. Williams, Mr. M. B. Russell.

The pastor and wife wish to thank all who in anyway contributed to their happiness and the success of the enterprise.

REV. AND MRS. J. W. DIXON.

TO GUARD AGAINST INFLUENZA

Don't let the dread influenza get you. If you have the slightest cough or cold, better begin using Foley's Honey and Tar at once. Henry Willis, Sandy Point, Texas, is one of many thousands who consider this remedy "just fine." He says: "I suffered severely with a bad cough, after using four or five dollars' worth of different medicines decided to try Foley's Honey and Tar. One bottle gave relief. Best medicine I ever used." Contains no opiates.

Sold everywhere.

**WILL CELEBRATE
WORK OF MEDICAL
MISSIONARIES**

NEW YORK, March 20.—Plans for a nation-wide observance of the completion of one hundred years of medical missionary work in non-Christian countries will culminate tomorrow in the beginning of a series of union meetings, at which the need for an increase of the staff of 557 medical missionaries by more than one hundred per cent., will be presented to the country, and especially to the physicians and nurses who served overseas during the Great War. Celebration of the centenary is under the direction of a committee of one hundred, representing the principal religious denominations of the United States which are associated in the Inter-church World Movement. The Inter-church survey reveals a need for \$12,200,000 as well as 665 additional missionaries who have had medical training during the first year of the five-year period covered by the Inter-church co-operative agreement. One hundred years ago, Dr. John Scudder of New York City had blazed the trail for all medical missionaries. He began his labors in Ceylon, but spent the greater part of his time and energy in India. Nine children followed his example, many members of the third generation became missionaries and within six months, three members of the fourth generation have gone to India. Forty-eight Scudders, including the wives of descendants of Dr. John, have worked in the foreign missionary field. Twelve of the forty-eight have been medical missionaries.

In combination with the observance of the centenary there is to be held a celebration of the fiftieth anniversary of women's medical missions. In 1870 Dr. Clara Swain left her native land to heal and preach to the peoples of India. Through her ability as a physician and surgeon she was able to carry the message of Christianity into the strongholds of Mohammedanism and Brahminism.

**WEDS MAN SHE HADN'T SEEN
FOR 58 YEARS**

LEXINGTON, Ky., March 20.—A Civil War romance, which started in 1862, found its happy ending today, after fifty-eight years, when Mrs. Joseph Bales, who declared she was a third cousin of President Wilson, married Edward F. Haley, a Confederate veteran.

The bride of today was Mattie Paupin, seven-year-old girl, when her cousin Ed kissed her and said he was off to war. She did not see him again until a month ago, when he returned, gray haired and seventy-four.

When Sponges Are "Dead." Sponges when brought to the surface are black and slimy, filled with water and animal matter called "gurry." Several days are required for the "gurry" to run off, when the sponges are dead. They are then squeezed out with the hands and strung on lengths of coarse twine, to be sold at auction by weight. The largest market is at Key West.

Ford
THE UNIVERSAL CAR**Don't Depend On Spring Deliveries**

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait as even next month is an uncertainty.

Only a limited, specified number of cars has been allotted to this territory. That allotment cannot be increased because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now and use it now.

SHARON DEFEATS DUBOIS

The DuBois basket-ball five, play-
ing for the championship of North-
western Pennsylvania in the elimi-
nation contests at Grove City, lost the
premier title last evening, being de-
feated by Sharon by a score of 28 to
30. The contest was an unusually
fast one throughout, the Sharon boys
taking the lead and retaining it to
the finish. The fact that DuBois only
scored four field goals shows that
the guarding by Sharon was unusu-
ally close. Heron secured two field
goals and Faloon two. The Sharon
boys registered thirty fouls, Heron
registering twenty of them, giving a
great exhibition of accuracy.

The 26th anniversary celebration
and spring style show opening of the
Flegal Clothing Store attracted the
largest crowd of visitors and shoppers

what they were after.

The handsome store was tastefully
decorated and arranged, while Tay-
ler's Orchestra enlivened the after-

program. In the evening the famous
Crescent Band of Curwensville gave
a very fine concert in front of the
store and attracted an immense
crowd of spectators, while hundreds
visited the store during the evening.

The H. J. Flegal store was a pro-
gressive, growing institution during

PEACE TREATY FAILS OF RATIFICATION TREATY WILL BE 1920 CAMPAIGN ISSUE

BUT ONLY PRESIDENT WILSON WILL BE WILLING TO CARRY THE FIGHT

SEPARATE PEACE WITH GERMANY IS ONLY
SOLUTION OF DIFFICULTY UNLESS
PEOPLE WILL OTHERWISE

KNOX RESOLUTION UP MONDAY

WASHINGTON, March 20—The Treaty of Versailles came back to the White House today. Wrapped in paper the huge document brot by President Wilson from Paris and taken by him to the capital last July and kept in the safe during the treaty debate was delivered by George Sanders clerk of the senate. Two body guards accompanied him. They took it to the office of Secretary Tumulty and left it there.

WASHINGTON, March 20—The treaty is now up to President Wilson. The Senate washed its hands of the treaty when by a vote of 49 to 35 it refused to ratify it and then 47 to 37 voted to send it back to the President with word that it could not be ratified.

The question today was "what will the President do about it?" He can't send it back to the Senate. Senator Lodge, Republican leader, as well as many Democrats declare that no action can be taken until the issue of treaty or no treaty has been fought out in the campaign. The President can go to the American public with a "solemn referendum" as he said in his letter to the Jackson Day diners.

The question of ratification will be an issue in the national campaign of 1920.

WASHINGTON, March 19—The senate tonight rejected the treaty of peace with Germany and flung it back upon the White House with a resolution informing the President that the senate would not consent to its ratification.

For the second time since the treaty with the covenant of the League of Nations was brought back from Paris by President Wilson the senate refused to give it the approval that is necessary to bind the United States to the engagements which it sought to impose upon the nation.

Exactly four months ago to the day, the treaty was refused ratification by the vote of 51 to 41.

Today's vote was 49 to 35, the majority in favor of ratification being seven votes short of the two-thirds required by the constitution.

Immediately following the vote by which the treaty was rejected, the senate adopted a resolution by Senator Lodge directing the secretary to return the treaty to the President and notify him that ratification would not be accomplished. The vote on the adoption of this resolution was 47 to 37.

Before the senate convenes again next Monday a messenger from the office of the secretary of the senate will have deposited at the White House documents which have been the cause of the most bitter struggle in the history of the senate. Once in the hands of the President, the senate will have no authority to recall it and the President, is not likely to return it to the senate unless he can obtain reasonable assurances, that ratification can be had.

In view of the President's desire to take the treaty into the campaign it is not believed by any of his followers in the senate that he will for a moment consider sending the treaty back to the senate, at least until after the campaign is over. If he should fail in the campaign, it is possible the treaty will remain forever in the President's secret cabinet.

Next Monday the senate will immediately turn its attention to the proposition of declaring peace with Germany by a resolution which both houses will be asked to pass. Senator Knox began the discussion of his resolution on the subject shortly after the vote against the treaty had been recorded, but at the suggestion of Senator Lodge he consented to wait until Monday for formal action on it.

That such a resolution will pass is disputed by the ablest members of the senate in view of the second failure of the attempt to bring about peace by ratification of the treaty.

The death of the treaty was accomplished under dramatic circumstances at just about the hour when most people are sitting down to dinner. The calling of the roll was started at 6:10 after an all-day debate in which friends of the treaty pleaded with its foes to "loosen up" on the reservation and allow the treaty to be ratified.

Michigan Senator And Sixteen Co-Defendants Are Convicted

Face Heavy Fines And Prison Terms
For Violation of Election Laws By
Illegal Use of Money

SENATOR WILL NOT RESIGN

GRAND RAPIDS, Mich., March 20—United States Senator Truman H. Newberry today was sentenced to serve two years in federal prison and was fined \$10,000 following his conviction of election fraud charges. Sentence was passed by Judge Clarence Sessions, of the United States District court. Just before Judge Sessions pronounced sentence attorneys for the defense moved for a stay of judgment and asked for a new trial. The motion was denied. A stay of execution of 90 days was granted by the court in which to perfect an appeal.

GRAND RAPIDS, Mich., March 20—Truman H. Newberry, United States Senator from Michigan charged with participation in election frauds was found guilty today. The sentence will be passed on the men convicted sometime today. The jury returned at 11:20 after being out since 5 p. m. Thursday. The jury found that Newberry conspired with his associates during his campaign and used money in excess of that allowed under the Corrupt Practices Act. The maximum penalty for such a crime is two years imprisonment and a fine of \$10,000. Sixteen others were found guilty with Senator Newberry. The remainder of the 85 were acquitted of the charge of conspiracy. They were found not guilty on the sixth count charging conspiracy to use the mails to defraud.

GRAND RAPIDS, Mich., March 20—"Father will not resign from the United States Senate", Phelps Newberry son of Senator Newberry said today. The Senator said he will make a statement later in the day.

By J. L. O'SULLIVAN
(United Press Staff Correspondent)
GRAND RAPIDS, Mich., March 20—The "Newberry case" grew out of one of the bitterest campaigns ever waged for a seat in the United States senate.

Truman H. Newberry and Henry Ford were the leading contestants.

Newberry, a member of one of Michigan's oldest, and before the automobile industry hit Detroit, wealthy families; a member of the navy during the Spanish-American war, assistant secretary of the navy in Roosevelt's cabinet, and an aide to the commander of the port of New York during the world war, based his appeal for election on a war platform.

Ford, head of the Ford Automobile Company, head of the Ford peace ship, and before the United States entered the war leading pacifist, built his platform on support of President Wilson's policies.

The Newberry supporters built up a huge organization entering into every county, city and village in the state. By their own admissions \$178,000 was spent. The government attorneys contended that they had showed \$225,000 was paid out to "purchase a seat in the senate" for Commander Newberry. Testimony given at the trial stated one defendant in a conversation said \$800,000 was spent.

Paul H. King headed the Newberry campaign committee in Michigan. The government claimed that Senator Newberry and Frederick Cody hatched the alleged plot to corrupt the 1918 elections in Michigan while they resided in New York.

Newberry worked direct through King, in carrying out the details of the campaign, the government contended. The case hinged on whether or not Senator Newberry "caused to be expended" an amount in excess of the sum allowed by the Michigan statutes in procuring his election. This amount is \$3,750.

The defense contended that Newberry had nothing to do with the

spending of the large sum of money; declared that he did not contribute one cent to the campaign fund and was not informed of the huge amounts spent in his behalf during the campaign.

A grand jury summoned in the autumn of 1919 returned indictments accusing 135 men of conspiracy to violate the federal status by spending an excessive amount of money in the campaign. A conspiracy to defraud the whole state of Michigan by using the mails in the alleged fraudulent election scheme was also charged.

These were the two main accusations which went before the jury. Four other indictments were either quashed or combined with these two principal charges.

The trial covered a period of eight weeks. More than 400 witnesses testified for the government and approximately 250 for the defense.

When the case finally reached the

jury only 65 defendants were involved. Ten pleaded guilty to the charges; the government failed to establish its charges against 15 others and they were dismissed. One man was not apprehended and another was too ill to stand trial.

Investigation and trial cost approximately \$1,500,000, it was estimated.

VIOLENT DISORDERS REPORTED FROM EVERY SECTION OF GERMAN EMPIRE

BERLIN, March 19—Night—Violent disorders throughout the night among radicals and Independent Socialists are being reported from all parts of Germany today. Armed workmen are reported to have captured Essen in two days of hard fighting. More than 300 were reported killed and many others wounded. Socialist Democrats' artillery was reported moving toward Suhl. Troops armed with machine guns and flame throwers were on their way from Unterchen in Stuttgart for the distressed area in Westphalia. Armed workmen are said to have occupied the greater part of Westphalia including the Ruhr industrial district.

Many persons were killed and wounded in Berlin in fighting yesterday. The hardest fighting occurred near the Brandenburg building and the Hotel Adlon. Additional fighting took place at 11 a. m. today. One apparently reliable report said that President Ebert had arrived secretly in the capital last night accompanied by Philip Schiedemann, the majority Socialist leader. Schiedemann, it was said, will be entrusted with reorganization of the cabinet. The hotel Adlon, the headquarters of the various foreign missions and for American residents, are covered with blood from wounded who were brought into the hotel last night during the fighting.

A FARMER SPEAKS

If town folk really want to save daylight, they can do so without changing the clock or upsetting anything. Simply start work and quit work an hour earlier. That's what Swift and other industries already plan to do. Farmers always start summer's work as early as possible but quit an hour later rather than an hour earlier!

Heed this grave word, this solemn warning, you city people, you workers in other industry: Your pay, your hours of work, your mode of life are such that for years towns have grown at expense of country. War stimulated this, until today farms are deserted of labor. One farmer puts it in a few words: "My hired man has quit to work in a shop eight hours for \$8 a day, plus 50 per cent. for overtime—more than myself and all my family together can ever earn, with no return upon the \$10,000 invested in my farm."

Now add to the farmer's costs by daylight saving more taxes, more officials, more waste in public and private, lessened production of goods by shorter hours at higher pay, thus increasing what farmers pay out while seeking to decrease what they take in, and the farmer is forced to restrict his crops to what he can do himself with machinery instead of hired help.

Reduced supply of food will be the inevitable result. Famine prices will prevail, if not famine itself. America's area now in winter wheat is nearly 25 per cent. less than last year. These conditions apply to farming throughout the land, not to the eastern states alone. World's supply of old grain will be exhausted in July.

Insurmountable forces compel farmers to curtail food production. We are helpless to withstand these forces. We would like to produce more, but working 12 to 14 hours daily with the aid of our women and children, we cannot make up for absence of other labor. Even if farmers did, you city folks won't pay us a price that will enable us to earn half your pay. Or you submit to distribution that takes the lion's share of what you do pay for food, so that the producer can't profit.

Menaced by starvation, you ignore it. You seek special privilege to add further to your ease but make us sweat for it. You want us to have the gall to ask us to vote for "labor," which now earns far more than farmers so that city may discriminate yet more against country.

This thing must stop. You must give farmers a square deal. If you don't, you won't get food. That's the naked truth. You are living in a fool's paradise. Wake up before it is too late. Don't foolishly cry out that farmers threaten strike. God knows they have fed you for years at such petty profit that your nifty blood has always been leached away to city. Even in your folly, the farmer will feed you so long as he can. But today he is up against conditions utterly beyond his control. He will do the best he can, but that isn't enough to insure you against starvation.

You add to your own peril by whatever you add to the farmer's burden. Worse yet is it for town life to be made still more expensive than country life. Help, not hinder agriculture. The least you can do is to let the clock alone. Go to work an hour earlier if you want more leisure before summer's sun-down. Can't you do this trifle, as some insurance against famine. Forewarned is forearmed.

A CORRECTION

Recently The Progress published a list of the amounts turned in to general headquarters from the Red Cross Seal campaign. It has been brought to our attention that the type fell out of the table opposite the name of Miss Ida Briel, chairman at Frenchville. The amount Miss Briel turned in was \$7.51.

With the Politicians

There is no use trying to minimize the strength of the sentiment in this county for General Wood. He is the only man, in addition to our governor, who would poll any votes if our president was nominated by popular vote.

Republicans in a number of districts are taking heart over the dissensions among the Democrats and are getting ready to go right after Congressional seats in districts which got away last time. The Republican leaders in the Lackawanna and Luzerne districts are pretty sure that unless something unforeseen bobs up, they will be able to take those places from the Democratic column and the defeat of Congressman John V. Leshner in the Seventeenth district is looked for. It is possible that raids may be made upon Congressman Guy E. Campbell in Allegheny county and that the combination which put him across in former years will be otherwise occupied this year.

If the half of what men active in politics throughout the state are saying about the reaction in the Democratic party in Pennsylvania is true, the battle this year for control of the organization is going to make the campaigns for party honors in 1914 and 1918 seem like side-shows. Even the big fight of 1912 will not be much more than a memory alongside of the contest that is being staged now.

Congressman Daniel A. Reed, of Dunkirk, N. Y., addressing a large assemblage of citizens in Bradford the other evening, paid a glowing tribute to our congressman, Evan J. Jones. He said, "In my opinion no first term congressman in years has made so favorable an impression as your representative, Mr. Jones. He has given more time to tireless service in the interest of ex-service men than any member of the house. I am not talking politics, but I will say that when a district has that type of representative, it will get real service by keeping him in office." The sentiments of Mr. Reed are reflected throughout the entire district.

Petitions for renomination of Senator Boies Penrose are being circulated throughout Central Pennsylvania counties in numbers and it is remarked by men in politics in the Susquehanna and Juniata Valley counties where there has been opposition to the Senator every now and then, that everyone seems to be for him.

Green W. Bell, of Bell's Landing, has announced himself as a candidate for the Legislature on the Democratic ticket and is the first of the "untariffed and unafraid" to get his nomination paper on file at Harrisburg.

Melville Gillett, of McKean county, who hopes to be one of the men who will help nominate the Republican nominee for president, is beginning to make a little more noise, but as yet has not declared any preference so far as we know. It is generally understood that Mr. Gillett is a Harding man, as he hails from the state of Ohio, and sons of Ohio are strong for favorite sons.

Col. Fred B. Kerr has stated that under no circumstances will he consider being a candidate for Congress on the Democratic ticket this fall.

It is said that Asher B. Johnson, of Bradford, is the choice of the "organization" for the Democratic Congressional nomination from the 21st district. He is a prominent business man and while the "Congressional bee" has been in his bonnet for some time, he is not especially desirous of crossing swords with his fellow-townsmen Congressman Evan J. Jones this year.

E. G. Boose, Esq., of DuBois, is said to be about to come out on a Sprout first, Wood second, platform. Mr. H. A. Rupp, a representative of General Wood headquarters from Pittsburgh, stopped in Clearfield yesterday awhile, sounding out our sentiment. He reported at this office that

he found the people of this district strong for both Wood and Sprout, naturally preferring Sprout, but stronger for Wood than any of the other aspirants. Mr. Rupp insisted that the Wood organization in Pennsylvania was for Sprout first and Wood second.

Organized labor is getting ready to take quite a hand in Pennsylvania politics this year, which fact "doesn't listen very good" to the friends of Attorney General Palmer, who broke the miner's strike with a Federal court injunction.

H. B. Scott, of Centre county, and A. H. Gaffney, of Kane, are both still in the race despite reports that Mr. Scott would withdraw to make a fight for the Assembly in Centre county. Mr. Scott and Mr. Gaffney desire to go to the convention unpledged to any candidate.

Samuel Gompers, president of the American Federation of Labor, gave a hint of the opposition the presidential boom of A. Mitchell Palmer may expect from labor ranks. In a speech at a mass meeting in Trenton, N. J., Sunday last, he singled the attorney general out as his particular target. The meeting was called to enable Mr. Gompers to arraign candidates for public office who are said to be hostile to labor.

Mr. Gompers inquired whether New Jersey was going to forget the injunction Mr. Palmer directed against the striking coal miners. He added that, as labor had contributed so materially to winning the war, it was not going to surrender to militarism or autocracy in the United States.

A new bombshell may land in political camps within a few days as a result of the activity of the Wood campaign managers. Efforts are being made to have E. G. Boose run as their candidate in this district and his running mate may be Major Boals of Centre county. Major Boals is well known in the district and will make the dust fly if he gets into the race.

Meat Injurious To The Kidneys

Take a tablespoonful of Salts if Back hurts or Bladder bothers —Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood if this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

LESSON FOR MARCH 21

JOHN'S PICTURE OF WORSHIP
IN HEAVEN.

LESSON TEXT—Rev. 7:9-17.
GOLDEN TEXT—Blessing, and glory, and wisdom, and thanksgiving, and honor, and power, and might be unto our God for ever and ever. Amen.—Rev. 7:12.

PRIMARY TOPIC—The Heavenly Home.
JUNIOR TOPIC—A Glimpse of Heaven.
INTERMEDIATE AND SENIOR TOPIC—A Vision of the Glorious Future.
YOUNG PEOPLE AND ADULT TOPIC—Permanent Message of the Book of Revelation.

1. The Worshipers (vv. 9-14).

1. Who they are (vv. 9, 11). (1) Redeemed men (v. 9). They are mainly Gentiles—"of all nations, and kindreds, and people, and tongues." They are those to whom the "gospel of the kingdom" has been preached by converted Israelites (Matt. 24:14). In the first part of chapter seven we saw God sealing his chosen ones from Israel. They were sealed with the seal of God in their foreheads, which doubtless means the supernatural endowment of the Holy Spirit in the last days (Joel 2:28-32). While this was partially fulfilled on the day of Pentecost, its larger realization is still future (Acts 2:15-21). This outpouring is for the equipment of the Jews for their divinely ordained mission, namely, to preach the gospel of the kingdom to the whole world. When God sends forth the 144,000 Jews with the unction of the Holy Spirit, the innumerable multitude from all nations will receive Christ, the slain Lamb, for their redemption. (2) All the angels (v. 11). These angels endorse this ascription of praise offered by these redeemed men by saying "Amen."

2. Whence came these redeemed? (vv. 13, 14). They came out of the great tribulation (v. 14). After the rapture of the Church (I Thess. 4:13-18), awful days of suffering and trial shall come upon the world (II Thess. 2:7, 8). It is the time of sorrow when the anti-Christ shall hold sway; such days as were not before nor shall be after, in which if not shortened no flesh could be saved (Matt. 24:16, 21, 22; cf. Dan. 7:8; 9:26, 27).

3. What they say (vv. 10, 12). (1) Salvation to our God and the Lamb (v. 10). They ascribe their salvation to God through the sacrifice of the Lamb, Jesus Christ. (2) "Blessing." They acknowledge that all blessings come from him. (3) "Glory." They acknowledge him as the glorious one and the one to whom all glory should be given. (4) "Wisdom." He is infinitely wise and all wisdom comes from him. (5) "Thanksgiving," because salvation was provided by him. (6) "Honor." Their hearts went out to him in high esteem. (7) "Power and might." They recognized that all power inhered in him.

11. The Blessedness of the Worshipers (vv. 13-17).

1. They are before God's throne (vv. 9, 15). They are in heaven and near the throne of God. Jesus Christ is now preparing mansions for those who shall go to heaven (John 14:1-3).

2. Clothed with white robes (vv. 9, 14). Their white robes suggest their character. They have been made such in the blood of the Lamb. The only way for a sinner to be made ready for heaven is through the blood of Christ.

3. They bear palm branches (v. 9). The significance of the palm is found in the use that the Jews made of it at the Feast of Tabernacles. It was a time of great joy, because it represented the gathered harvest. The bearers of the palm branches will experience the blessedness of not only being in heaven, but of enjoying rewards for their work on earth.

4. They serve God day and night (v. 15). Heaven is not a place of idleness, or altogether of singing God's praises, but a place where real, vital service is rendered to God; indeed, there are nobler fields of endeavor awaiting us beyond this life. This life is but a training school in which we are made ready for service in heaven.

5. God dwells among them (v. 15). To get to heaven at all would be truly blessed, but to be there and have God to dwell among us will be wonderful.

6. Hunger no more nor thirst (v. 16). Here life is one continuous round of hungering and thirsting. In heaven we shall neither hunger nor thirst, for Jesus Christ, the Lamb, shall feed us. The straits and necessities of life will then be over.

7. Neither shall the sunlight or heat come upon them (v. 17).

8. God shall wipe away all tears from their eyes (v. 17).

This Day Only.

Enjoy the blessings of the day if God sends them; and the evils bear patiently and sweetly; for this day only is ours; we are dead to yesterday, and not born to tomorrow.—Jeremy Taylor.

Greatest of All Cunning.

The greatest of all cunning is to seem blind to the snares which we know are laid for us; men are never so easily deceived as while they are endeavoring to deceive others.—Rochefoucauld.

When Louisville first heard Of matches

In the early thirties of the nineteenth century, a lady of Louisville wrote to her cousin in New York:

"When I was in Richmond last winter I was told of a curious new device for making fire. It consisted of small splinters of wood with tips of some rough substance that burst into flame when rubbed on a rough surface. If you can procure some of them for me I shall be grateful"

It was many years after matches were generally made in Europe before they were seen throughout America. There was no means for spreading rapidly such wonderful news.

Today the new invention that contributes largely to comfort or convenience is quickly known in every section of the land. Advertisements bring the story. The farmer's wife of Idaho or Texas is quite as well posted as the city woman of the East.

Read the advertisements in your newspaper. They are the heralds of progress, the great newsreading force of modern industry. They contain real news for you. They save you time and lessen your work and enable you to obtain better value for the money you spend.

Time spent in reading advertisements is well spent.

SURPRISE PARTY

The members and friends of Allen A. M. E. church, decided to pull a surprise on their pastor, Rev. G. W. Dixon, and Wednesday evening last was the time set. So well was it carried out that even Deacon Williams would not tell. (Now don't tell us the Deacon can't keep a secret.)

We have had several surprises in our ministry, but for some reason or other, it always leaked out. It was too good to keep. But this was a complete and agreeable surprise.

Come again, friends.

Following is the Committee that arranged and carried out the surprise: Sisters Lizzie Simpson, Carrie Humphrey, Ella Buchanan, Emma Smith, Synthia Freeman, Josephine Williams, Mrs. Henry Lynch, Mr. G. W. Williams, Mr. M. B. Russell.

The pastor and wife wish to thank all who in anyway contributed to their happiness and the success of the enterprise.

Don't let the dread influenza get you. If you have the slightest cough or cold, better begin using Foley's Honey and Tar at once. Henry Willis, Sandy Point, Texas, is one of many thousands who consider this remedy "just fine." Best medicine I ever used." Contains no opiates.

**WILL CELEBRATE
WORK OF MEDICAL
MISSIONARIES**

NEW YORK, March 20.—Plans for a nation-wide observance of the completion of one hundred years of medical missionary work in non-Christian countries will culminate tomorrow in the beginning of a series of union meetings, at which the need for an increase of the staff of 557 medical missionaries by more than one hundred per cent., will be presented to the country, and especially to the physicians and nurses who served overseas during the Great War. Celebration of the centenary is under the direction of a committee of one hundred, representing the principal religious denominations of the United States which are associated in the Inter-church World Movement. The Inter-church survey reveals a need for \$12,200,000 as well as 665 additional missionaries who have had medical training during the first year of the five-year period covered by the Inter-church co-operative agreement. One hundred years ago, Dr. John Scudder of New York City had blazed the trail for all medical missionaries. He began his labors in Ceylon, but spent the greater part of his time and energy in India. Nine children followed his example, many members of the third generation became missionaries and within six months, three members of the fourth generation have gone to India. Forty-eight Scudders, including the wives of descendants of Dr. John, have worked in the foreign missionary field. Twelve of the forty-eight have been medical missionaries.

In combination with the observance of the centenary there is to be held a celebration of the fiftieth anniversary of women's medical missions. In 1870 Dr. Clara Swain left her native land to heal and preach to the peoples of India. Through her ability as a physician and surgeon she was able to carry the message of Christianity into the strongholds of Mohammedanism and Brahminism.

**WEDS MAN SHE HADN'T SEEN
FOR 58 YEARS**

LEXINGTON, Ky., March 20.—A Civil War romance, which started in 1862, found its happy ending today, after fifty-eight years, when Mrs. Joseph Bales, who declared she was a third cousin of President Wilson, married Edward F. Haley, a Confederate veteran.

The bride of today was Mattie Paupin, seven-year-old girl, when her cousin Ed kissed her and said he was off to war. She did not see him again until a month ago, when he returned, gray haired and seventy-four.

When Sponges Are "Dead." Sponges when brought to the surface are black and slimy, filled with water and animal matter called "gurry." Several days are required for the "gurry" to run off, when the sponges are dead. They are then squeezed out with the hands and strung on lengths of coarse twine, to be sold at auction by weight. The largest market is at Key West.

**Count Civil War
Vets Of County****Ninetp-Nine In Preliminary List Published Today: We Know There Are Others Throughout County****LET US KNOW WHO THEY ARE**

Since publishing on Monday last our list of Civil war veterans yet living in Clearfield county, we have been supplied with No. 91 and the names from No. 99 down. There are a number of other "boys in blue" still very much alive in our county and we would very much like to have them for our record.

If you know of any old soldiers in Clearfield county whose name does not appear in this list, please send or mail it to The Progress, Clearfield.

THERE IS NOTHING equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the action of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation.

THERE is no getting away from the fact that Threaded Rubber Insulation errors the plates of the Still Better Willard and helps them to do their duty without the disagreeable interference of short-circuits and other troubles common with ordinary insulation. Ford
THE UNIVERSAL CAR**Don't Depend On Spring Deliveries**

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait as even next month is an uncertainty.

Only a limited, specified number of cars has been allotted to this territory. That allotment cannot be increased because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now and use it now.

BELL COMPANY ASKS 50 PER CENT. BOOST IN ITS PHONE RATES

The new Bell telephone rates, which
are to go into effect on May 1st,
were filed with the Public Service
Commission at Harrisburg yesterday
by The Bell Telephone Company of
Pennsylvania. New rates have been
worked out for every exchange in the
State. Clearfield will be asked to pay
as follows after May 1st. The old
rates are given for comparison:

Monthly Business Base Rates		
	New	Old
Individual	\$3.50	\$3.00
Four-Party	\$2.50	\$2.00
Monthly Residence Base Rates		
	New	Old
Individual	\$2.50	\$2.00
Four-Party	\$2.00	\$1.50

New toll and long distance rates
are also introduced. As a matter of
fact the schedules in use prior to De-
cember 1, 1919, are reintroduced with
but slight modifications. This pro-
vides uniformity within Pennsylvania
and makes the State conform with
the system in use for interstate calls.
Night rates will again be in effect.

SHARON DEFEATS DUBOIS

The DuBois basketball five, play-
ing for the championship of North-
western Pennsylvania in the elimi-
nation contests at Grove City, lost the
premier title last evening, being de-
feated by Sharon by a score of 28 to
30. The contest was an unusually
fast one throughout, the Sharon boys
taking the lead and retaining it to
the finish. The fact that DuBois only
scored four field goals shows that
the guarding by Sharon was unusu-
ally close. Heron secured two field
goals and Faloon two. The Sharon
boys registered thirty fouls, Heron
registering twenty of them, giving a
great exhibition of accuracy.

large crowd of spectators.

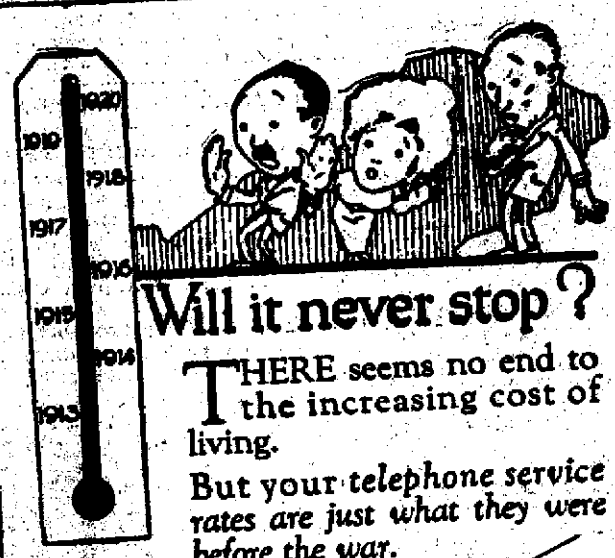

The line-up:

IMMENSE THROGS GREET NEW FIRM OF FLEGAL & SONS

The 26th anniversary celebration
and spring style show opening of the
Flegal Clothing Store attracted the
largest crowd of visitors and shoppers
in the history of this prosperous es-
tablishment.

The big store was thronged all day
and the force of regulars and extra
clerks was worked clear off its feet
by the "bargain hunters," who found
what they were after.

The handsome store was tastefully
decorated and arranged, while Tay-
ler's Orchestra enlivened the after-
noon hours with a delightful musical
program. In the evening the famous
Crescent Band of Curwensville gave
a very fine concert in front of the
store and attracted an immense
crowd of spectators, while hundreds
visited the store during the evening.

The H. J. Flegal store was a pro-
gressive, growing institution during
every one of its twenty-six years in
Clearfield, may the H. J. Flegal &
Sons establishment continue and en-
large upon this fine record, as it is
bound to do.

A Frank Statement As To Why We Must Raise Price Of Bread 1c A Loaf

Up to this time we have been working our
bakery on flour that was bought on a low market.

We have used up that stock. We start now
to use flour bought at a considerable advance over
the last purchase.

We have kept the price down to 13c until we
reached the point where we would operate at a loss
to continue at that price.

Believing that you admit the justice of our
stand and, rather than reduce Workman Bread
Quality, we know that you will gladly pay this
slight advance in order to continue eating this
bread you've come to like so well.
